Latex

1 Introduction

Creating a document in LaTeX. LaTeX is a great tool to create documents, it's based on the wysiwym (what you see is what you mean) idea, meaning you only have focus on the contents of your document and the computer will take care of the formatting. With LaTeX is very easy to create professional-looking material

2 Learning

[sharelatex.com](https://www.sharelatex.com)

you open account with programmer2509@gmail.com so you dont need to install late in your PC, you just can go [sharelatex.com](https://www.sharelatex.com) and do practical work

3 Practical work

Online editor:

1. [overleaf.com](https://www.overleaf.com)

2. [sharelatex.com](https://www.sharelatex.com)
